Exempt Organizations New York State Only

Dear Patron,

New York State Sales Tax Law states that all organizations must hold **Form ST-119 [Exempt Organization Certificate]** to be exempt from paying sales tax when making tax-exempt purchases and tax-exempt sales of services or property not ordinarily sold by private persons.

Exempt organizations must provide to the vender (Eco-Photo Explorers) a properly completed **Form ST-199.1 [Exempt Organization Certificate]** or some other form stating that their organization is tax exempt. We must receive this information with payment or within 90 days after delivery of the purchase, property or service otherwise we must collect the outstanding sales tax.

Sincerely,

Christopher P. Weaver
