Claudio's and AFLOAT Magazine Launch The First Aquaverse

Description:

AFLOAT USA Magazine, is cruising into its second year of publication with a splash. In fact, the magazine that is fast becoming the local resource for "everything on and around the water" in the Hamptons has partnered with the historic waterside restaurant Claudio's Greenport for a kick-off to summer event featuring not only Claudio's wonderful fresh seafood but a luxury boat show, water toy demonstrations, and aquaculture events that are sure to get people excited about the summer ahead.

Participants in Aquaverse 2022 include Manna Seafood Blockchain, Yacht Hampton Boat Rental, Ponant Luxury Cruises, Fliteboard and SEABOB, previewing new boats for sale, yachts available for charter and the most talked about water activities available in the area. These sponsors are joined by many other participants to make Aquaverse 2022 the one summer event not to miss.

SEABOB, the powerful luxury watercraft that represents pure excitement, will be cruising and zipping through the water exhibiting their newest Water Sleds.

Fliteboard will be previewing the summer's latest obsession, Fliteboard Series 2.2, surfing above the water on the most advanced eFoil on the market.

Manna Seafood Blockchain will be hosting several expert talks on local oyster farming, seafood production, and the future of aquaculture. They will be joined by [Eco-Photo Explorers](#) presenting their efforts to preserve Long Island's rich maritime history through photography and the exploration of sunken ships. Look for more information on scheduling, speaker lineup and location on [aquaverseusa.com](#).

In co-ordination with Claudio's Greenport opening weekend and AFLOAT USA's first publication of the season, "Kick-off to Summer", Aquaverse, the brainchild of publisher Debbie Allen and Claudio's Tanya Doggwiler, is a celebration of life on the waterfront and summer, the most anticipated season of the year. They're creating a boat lover's paradise complimented by great seafood, aquaculture events and everything that drives people to the Hamptons each year.

The event is free to the public with VIP Experience tickets available for sale which include private yacht charter transportation to and from the event, restaurant reservations, a complimentary bottle of wine and entry into the hospitality lounge. Donations can be made online to support CAST, a local charity serving low-income individuals and families on the North Fork of Long Island.

The event will be held Saturday, May 21, 2022 from 12 to 5:30pm. Visit [aquaverseusa.com](#) for the schedule of events, to purchase VIP experience tickets, and to register for prize giveaways.
